Just wanted to thank you for meeting with me and others attempting to come to a better understanding of varying opinions. Enjoyed meeting both you and Karim. I noticed a lot of EPA information has been updated with your name instead of Debbie Kring's. Was just re-reading the West Lake Site Narrative (5pp). It is a brief concise history that would make a good handout, but needs updating since 3/24/2012. Would appreciate if you could bring it up to date as it is a useful educational document.

Thanks,

Ex. 6 - Personal Privacy

Ex. 6 - Personal Privacy

I reached out to Dawn Chapman to find some community members to meet with regarding the West Lake landfill site. She provided me with your contact information.

My colleague and I will be in the Bridgeton area the week of February 24<sup>th</sup>. We'll attend the CAG meeting that evening and then stay in the area on Tuesday and Wednesday. We'd like to have a few minutes to meet with you if you are available some time Tuesday or Wednesday. The place and time is whatever works best for you.

Please let me know if you're interested in this. We are looking to discuss how we at the agency can improve our communication with the community, as well as answer any questions you may have about the site.

Thank you,

Benjamin M. Washburn
